Tomorrow would be fine with me to do a conference call to discuss where we are at... would like Rafa from ERRS on call too, so we all can discuss together... anytime tomorrow is good for me...

I hope to start next week... it is dependent upon ERRS getting landfill and other logistics lined up...

Visit last week went fine... we met with Mayor and then resident's daughter...

I will be issuing a new TDD... I believe you already did the closeout report on the existing one...

Kick-off meeting is fine...

Steve,

I just wanted to touch base with you and see how the site visit with ERRS went last week. Are we still looking at the 28th for mobilization? Our Region 8 crossover TDD (0009/WESTON-042-17-064) is set

to expire tomorrow, 22 August 2017. Do you anticipate amending/extending this TDD or issuing a new TDD under the new Region 6 START Contract? We would like to have a short kick-off meeting with you sometime this week to discuss the removal action and make sure that we are prepared with the appropriate equipment and supplies for the removal action. Please let me know when you have some time. Thanks.
